2023 VRI Summer Internship Program

Vitalant Research Institute (VRI) in San Francisco, an affiliate of the University of California, San Francisco, has openings for full-time 8-week paid summer internship positions will begin in June 2023 through August 2023; the exact dates will be posted soon.

Selected students are eligible for a \$4,000 stipend for the successful completion of the 8-week program. Students will participate in seminars, presentations, and institutional events.

The Summer Internship Program at VRI provides undergraduate and master's students the opportunity to participate in research in the areas of transfusion medicine and cellular therapy through pairing with an investigator/mentor.

Requirements:

Candidates are required to be enrolled in an educational institution (must be matriculated in semester before or after summer 2023, work in a team environment, set priorities, and devote full time to this training experience. Candidates must also have effective oral and written communication skills and be self-motivated with good organizational skills.

2023 Application and Deadline: To be announced
